

Leading in Milk Testing

TECHNOLOGIST

SAITL Dairy Laboratory performs a range of chemical and microbiological testing for the dairy industry.

We are currently seeking a **Technologist** to assist with technological development, research, methodologies and specialist testing within the laboratory.

This is a full-time fixed-term position working Monday to Friday for approximately eight (8) months. Applicants should have, as a minimum, a Degree in a Science related background or equivalent, and will have previous laboratory and research/statistical experience. A knowledge of Elisa testing would be advantageous. You should also be friendly, positive, a team player and work within our Core Values.

To obtain a Position Description or lodge an application please contact Nicky Donald, Office Administrator via phone on (07) 849 6010 or by e-mail nicky@saitl.co.nz.

Applications for this position close at 5.00pm on Wednesday 7 July 2010. Applicants must be eligible to work in New Zealand to be considered for this role.
